Doreen Niggles,
Wainscott United

Dear Doreen:

Now that the plans by Citizens for the Preservation of Wainscott to incorporate Wainscott appear to be on hold, and Wainscott United is turning its attention to other issues of importance to Wainscott, I think that since I am Chairman of the Town Planning Board, it would be appropriate for me to step back from active participation in advancing Wainscott United's agenda.

If the incorporation effort re-emerges, I will resume my efforts in opposition, and I'll join the group for coffee and cake.

Many thanks for the opportunity to meet and work with some of the most intelligent, thoughtful and hard-working people I have met, whom I am pleased to know are my neighbors.

With gratitude,

Very truly yours,

SAM KRAMER
